An effort was made to find

A CYCLE OF EARTHQUAKES.

From the New York Herald. The recent terrible earthquake at Costa Rica recalls again the fact that we are are now witnessing one of the most remarkable periods of terrestrial

The fact that we hear of so many minor earthquakes, mere tremblings and shakings which cause more or less alarm without doing much damage, may be owing to the system of obser vation that has been recently adorted. The study of earthquake phenomena as a special branch of science is comparatively new, and the men who have established what may be described as earthquake observatories, or rather observing stations, at vasious points on the globe do not allow any tremor of the ground to go unnoticed. But besides the many slight shocks that have been felt in almost every

country, there has been, within a year or two, several destructive earthquakes, the like of which the world. fortunately, does not frequently see. In November, 1880, occurred the year ago, in this same month, Cassamicciola was destroyed. A month later followed the still more terrible disaster at Chios. Shocks of less intensity were felt at times at both Agram and Chios during the whole of last year, and the disturbance has not even yet ceased altogether.

It was hardly to be expected that the Central American countries, crowded with volcanoes and forming one of the

tonic, and is warranted a speedy and cer-tain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all

malarial disorders. In miasmatic dis-tricts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premoni-tions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration. It is a startling fact, that quinine, ar-senic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral p

although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

Cure, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and ates the system to a vigorous, We warrant it when taken according
